Compilation Guidelines

This CSR Report was compiled in accordance with the core options and reporting guidelines prescribed by the Global Reporting Initiative (GRI). KPMG Taiwan independently audited all financial reports and appointed British Standards Institution (BSI) to verify the disclosure contents of CMP Group's CSR Report in accordance with the core options of the GRI Standards and Type 1 of AA1000AS v3 assurance engagement. The data collection and calculation methods used to quantify the indices were in accordance with the following sequence : local regulations, global standards, and industry standards and industry best practices, respectively. The currency exchange rate is based on the average currency exchange rate provided by CMP Finance and Accounting Department for the period from January to December of the current year.

Compilation Process and Review

All data and information disclosed in this CSR Report were summarized and compiled by the executive secretary after an internal survey conducted by a dedicated CSR team. The report compiled was reviewed by the CSR team and responsible supervisors for correctness and completeness before submitting to the Chairman of the Board of Directors (BOD) for the final approval.
